### Do You Eat Out or In?

The number and variety of knives and forks that now grace a well equipped and formal dinner table may well dismay one unused to such a variegated display of cutlery and silver. There are forks for the oysters, for the fish and for the roast and forks as well for anything else that may be served. There are also knives to correspond to the forks that may be needed. These implements that social convention decrees to be necessary to convey food to the mouth are usually laid out in formidable rows on either side of the plate.

The other evening a simple western maiden at her first eastern dinner maidenly her supply of knives and forks with growing trepidation. Her common sense told her that they were laid out in the regular order in which it was intended that they should be used, but nothing in her experience had taught her which was the right end of the row to start in with. Finally, in despair, she sought help from her next door neighbor, a prominent physician.

"Say, doc," she questioned anxiously as she pointed at the offending objects, "do you eat out or in?"—New York Tribune.

"I have been suffering from Dyspepsia for the past twenty years and have been unable after trying all preparations and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I can not praise Kodol Dyspepsia Cure too highly," thus writes Mrs. C. W. Roberts, North Creek, Ark.

**A Spee on Sixpence.**  
An excellent Scotchman had for 37 years brought home his full wages every week, says the Newcastle (England) Chronicle. Once at the end of the period he gave his wife sixpence less than the full amount. This so distressed the thrifty woman that she went to consult the minister on the subject. He tried to comfort her by saying that sixpence in 37 years was not a large amount.

"It's on the money I'm thinking of," she replied, "but I'm fearing that Mac has been taking to drink and betting, maybe, and other worldly pleasures."

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil—Monarch over pain.

**Sheridan's Wit.**  
Richard Brinsley Sheridan was one day dining with Lord Thurlow when his lordship produced some fine Constantha which had been sent him from the Cape of Good Hope. Sheridan, who saw the bottle emptied with uncommon regret, set his wits to work to get another.

Failing in his attempt, however, he turned toward a gentleman seated farther down and said, "Sir, pass me up that decanter, for I must return to Madeira since I cannot double the Cape."—San Francisco Argonaut.

DeWitt's Little Early Risers search the remote parts of the bowel and remove the impurities speedily with no discomfort. They are famous for their efficacy. Easy to take, never gripe.

Rickert & Wells, Barre, Wilcox & Gillette, Moretown, W. E. Poole, East Barre, Vt.

**Hard Woods in Paraguay.**  
Quebracho is one of the profitable woods in Paraguay. It yields an extract used for tanning leather. The forests of Paraguay are full of it. The export of quebracho is very considerable, going principally to Europe, though much is sent to the United States as a product of the Argentine Republic, being shipped via that country.

Mr. W. J. Baxter of North Brook, N. C. says he suffered with piles for fifteen years. He tried many remedies with no results until he used DeWitt's Little Early Risers and that cure by cured him. Rickert & Wells, Barre, Wilcox & Gillette, Moretown, W. E. Poole, East Barre, Vt.

**Answered the Inquiry.**  
"What did you tell those people about the fat, Eliza?"  
"They asked me if it was good walking distance, and I told them it was."  
"Gracious! Good walking distance from what?"  
"How do I know? They didn't say, and I wasn't going to be inquisitive."—Chicago Record.

The least in quantity and most in quality describes DeWitt's Little Early Risers, the famous pills for constipation, and liver complaints.

Rickert & Wells, Barre, Wilcox & Gillette, Moretown, W. E. Poole, East Barre, Vt.

**Not of That Nationality.**  
The Londoner tells the story of a gentleman who was much annoyed by having his head pinched during the operation of hair cutting. The barber apologized and explained that there was an unusual bump there.

"Are you a phrenologist?" asked the patient.

"No, sir," answered the barber. "I'm a Swede."—London Globe.

You are much more liable to disease when your liver and bowels do not act properly. DeWitt's Little Early Risers remove the cause of disease.

Lying side by side in specially prepared graves on the farm of the late Robert Bonner in New York are the remains of Dexter and Maud S, two of the greatest horses the world ever saw.

**It Saved His Leg.**

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Parlor drug store.

### He Wanted a Drink.

Some years ago Colonel Crisp was in New York, and being in attendance at a certain notable political gathering in Madison Square Garden was called upon for a speech. And did he accept? Well, rather! Running his fingers through his hair, adjusting his vest and pushing up his coat sleeves, he started in to sprinkle eagle feathers all over the stage. Now, the colonel is a stout man and has a thirst in proportion. In the course of his passionate harangue he became very warm and asked that some water be provided. In compliance with the request a diminutive pitcher and dainty little glass were brought and placed before him.

Colonel Crisp looked at it intently for a few moments, and then "What is this?" he thundered.

"W-w-water," timidly answered one of the vice presidents.

"Young man," bellowed the colonel, his nostrils quivering with suppressed rage, "either bring me a bucket and a gourd or lead me to the branch."—Kansas City Independent.
